SUMMARY

Interested in the role of Software Engineer where I can contribute my analytical skills and knowledge. looking for a dynamic and progressive company where my skills are utilized in the maximum way possible.

SKILL

- java Programming language
- C++ programming language
- SQL
- PL/SQL
- Oracle Database
- Android studio

INTERNSHIP

Application Developer , Mastek   **Jan 2024 - Mar 2024**

- During my three-month internship at Mastek as an Application Developer, I developed a fitness membership management system. I wrote and tested code, collaborated on system architecture design, and optimized the membership database.
- This experience improved my Java and SQL skills, provided practical Agile methodology knowledge, and enhanced my problem-solving and teamwork abilities.

EDUCATION

B.Tech in Computer Science Engineering   **Dec 2020 - July 2024**
Shri Ram instution of Technology   CGPA 8.56

PROJECTS

Fitness Membership Mangment System (B-Fit)

- The Fitness Membership Management System is comprehensive software for fitness centers, streamlining member registrations, payments, and notifications while monitoring fitness progress.
- It uses technologies like Java, JDBC, JSP, Servlets, HTML, CSS, JavaScript, SQL, PL/SQL, Oracle Database, and Eclipse IDE to improve operational efficiency and customer satisfaction.

3D ADVENTURE BALL GAME

- I developed an Adventure Ball game using the Unity game engine and C# programming language, designed for the Windows operating system.
- The game features immersive 3D environments, intricate level designs, and engaging gameplay mechanics.
- This project was a fun and challenging experience that enhanced my game development skills.
